

Representing B&S exclusively in the UK

3M™ LEAP™ III Glazing Pads

The full range of 3M LEAP III glazing pads are now available from Dibble Optical at the best prices in the UK.

3M LEAP III represents the industry standard in high quality glazing pads and this standard of excellence has now been raised to new heights. These pads offer excellent slip resistance, keeping the lens firmly in place during the edging process, resulting in less waste, less cost and improved lab efficiency. The short-term financial benefit of using economical pads is therefore effectively negated, particularly if you consider the inconvenience of potential delay to your customers.

3M LEAP III glazing pads are available in a range of shapes and sizes to correspond with different applications and edging cups from various machinery manufacturers.

Part No.	Size	Pad Shape	Application	Pads per Roll	Price per Roll	Price per Roll 3+
1692M	26mm	Round	WECO flexible blocks	1,000	£37.00	£35.00
1693M	18mm	Round	Essilor edgers	1,000	£36.00	£34.50
1695M	24mm	Round	Generic use	2,000	£59.50	£52.50
1696M	18mm	Oval	Shallow lenses	1,000	£36.00	£27.50
1700M	24mm	Square	Generic use	2,000	£49.50	£42.50
1712NR	18mm	Oval	Nidek pliable cups	1,000	£39.90	£34.50

A full range of edging blocks for Nidek, Essilor and WECO edging machines are available from stock. Please see the 2010 B&S Workshop Catalogue for details (pages G4 & G5) or telephone Jackie or Adam on 01634 880885.

NEW! Dibble Optical Economy Glazing Pads

In response to a significant number of requests for us to stock a lower-priced range of good quality lens blocking pads we are now pleased to launch our "no-nonsense" Economy Lens Blocking Pad".

Aimed at providing a low-cost option for blocking standard lenses, the Dibble Optical Economy pads provide good levels of performance and an extremely low price. Initially these will be available in two shapes, the highly popular 18mm small pad and the Nidek oval shape pad.
